Next Meeting: March 4 10-11am

- **March 19 Summit Focus:** Virtual summit will explore AI technology for enhancing youth services and staff skills in using these tools.
- **Interpersonal Skills Gap:** Staff need training in youth communication through tech platforms to address COVID-related disengagement.
- **AI Adoption Challenges:** Training must address both staff and youth perspectives; practical tools like Microsoft Copilot highlighted.
- **Proposed Summit Topics:** Include mental health, youth engagement strategies, and homelessness, with plans to involve relevant associations.
- **Future Training Needs:** Emphasis on standardized data entry training and RFP writing focused on integrating AI into youth services.
- **Next Committee Meeting:** Scheduled for March 4th, opportunity for earlier meetings if significant program changes arise.
